employer is liable under the Act for provision of treatment and hearing aids by a hearing service provider to an injured worker who has suffered hearing loss due to a work related injury.

Schedule A to this Order provides for maximum fees for the provision of treatment and hearing aids by a hearing service provider, as defined in the Order. Schedule B outlines the procedure that must be followed for provision of treatment and hearing aids.

SCHEDULE B

WorkCover NSW procedures for the provision of hearing aids

Workers in NSW with at least 6% binaural hearing loss where exposure to workplace noise was the main contributing factor can request hearing aids as a medical expense under section 59 of the Act. The procedures for obtaining them are outlined below.

OVERVIEW

Medical support for the provision of hearing aids

The nominated treating doctor (NTD) is to make a referral to an ENT specialist who has undertaken training in the relevant chapters of WorkCover Guides for the Evaluation

of Whole Person Impairment and is listed on the WorkCover website as a trained assessor of permanent impairment (hearing) for assessment.

For the purposes of prescribing hearing aids, the ENT specialist will determine:

- the level of binaural hearing loss, and
- the proportion of the hearing loss that is attributable to workplace noise, and
- whether the worker would benefit from provision of hearing aids.

The ENT specialist may refer the worker to a WorkCover approved hearing service provider for the purposes of a hearing needs assessment and quote for the supply of hearing aid/s. If the ENT specialist is a WorkCover approved hearing service provider they may complete the hearing needs assessment and quote.

Selection of hearing aid and quote

The hearing service provider is to complete a hearing needs assessment, select a suitable aid from the WorkCover hearing aid list and prepare a quote for the fitting and supply of the aid, in accordance with the WorkCover fees and costs set out in Schedule A. The assessment and quote are submitted to the insurer.

A quote must be forwarded to the insurer and approval must be provided by the insurer prior to the fitting and supply of a hearing aid. The quote must include:

- the worker's contact details,
- a full description of the hearing aid selected from the WorkCover approved hearing aid wholesale price list to a maximum of \$2,000.00 per hearing aid,
- an outline of why the hearing aid is reasonably necessary for the injured worker in overcoming the effect of the hearing impairment under section 60 of the Act.
- the audiogram the recommendations are based upon,
- details of the person who provided the assessment and quote,
- hearing service provider details including ABN and WorkCover approval number
- service fees in accordance with the Workers Compensation (Hearing Aids Fees) Order 2012 Number 2, including handling and fitting fee,

Insurer approval

The insurer will make a decision on whether to approve the fitting and supply of the hearing aid, in making the decision the insurer must consider the reported hearing needs of the worker and the quoted fees and costs. If the insurer receives a request for a hearing aid that exceeds \$2000 and approves the hearing aid, the insurer must forward their recommendation to WorkCover for endorsement prior to providing approval to the worker and hearing service provider.

Fitting and supply of hearing aid

Once approved, the worker is fitted and supplied with the recommended hearing aid for a 30-day trial. If the trial is successful, the hearing service provider advises the insurer and invoices for the fitting and supply of the hearing aid, in accordance with the approved quote. If the trial is unsuccessful, the provider advises the insurer and invoices for the hearing needs assessment only.

Review of hearing aid

Within 12 months of the date of claim, the eligible worker may visit the hearing service provider for a review of their hearing aid. If the eligible worker requires ongoing use of their hearing aid, the hearing service provider will provide 12 months supply of batteries. The insurer is not liable to pay any costs for hearing aids or hearing services or batteries more than 12 months from the date of claim, except if the worker is an exempt worker or is in receipt of weekly payments as a result of their hearing loss.

Request for replacement hearing aid

Except for exempt workers, the insurer will, if required, pay the cost of one replacement of the supplied hearing aid within 12 months of the date of claim, if:

- the hearing aid is lost or damaged and the loss or damage is not covered by warranty or other insurance, or
- the worker's hearing loss further deteriorates and the worker can no longer communicate effectively using the current hearing aid.

Further claims for hearing loss

Except for exempt workers, a separate claim may be submitted if the worker's hearing loss deteriorates more than 12 months after the initial claim is made, and they have remained in noisy employment and workplace noise was the main contributing factor in their further hearing loss.
